

IPM

L&T INSTITUTE OF PROJECT MANAGEMENT

Mr. K P Reghunath

M. E. (Bangalore University)

Area of Expertise

- Project Planning – Work Breakdown Structure and Network Techniques.
- Project Management Application Software – Microsoft Project and Primavera for Project Planning, Scheduling, Costing and Monitoring & Control

Mr. Reghunath has 16 years of industry experience and 10 years of academic experience and has been with the L&T Institute of Project Management, since June 2011. Prior to joining IPM, he has worked with academic institution like Construction Industry Staff College, NICMAR, and with National Water Development Agency, Ministry of Water Resources, Govt. of India. He has been actively involved in teaching, consultancy, research and academic administration.

During his tenure in NICMAR he successfully managed its flagship programme – Post Graduate Programme in Advanced Construction Management. He has been a visiting faculty to number of reputed institutions like National Academy of Construction, Contractor's Development Institute, etc. He has developed Management Development Programmes (MDP) for company executives and customized Company Based Programmes (CBP) for construction companies.

He played a major role in techno-economic feasibility studies of interlinking of rivers of India. He was involved in design of irrigation network for Sardar Sarovar Narmada Project and was part of the research project funded by Union Ministry of Human Resources Development to analyse the Socio-Economic Impact of the 1987 drought in Kerala.

Select Publications in Scholarly Journals

- Evaluation of Safety Performance in a Construction Organisation in India: A Study - International Scholarly Research Network, ISRN Civil Engineering, Volume 2011, Article ID 276545. Jointly written by S.V.S. Rajaprasad and K.P. Reghunath.
 - Empirical Analysis of Link Between Safety Awareness and Reporting of Near Misses by Construction Workers in India – Engineering Today monthly journal, June 2011, Volume XIII, Issue 6, pp 141-150, ISSN : 0974-8377. Jointly written by S.V.S. Rajaprasad, K.P. Reghunath and K. Srinivas.
 - Risk Assessment and Mathematical Analysis on Effect of Thermal Stress Among Employees of a Paper Industry – International Journal of Applied Engineering Research, ISSN 0973-4562, Volume 5 Number 10 (2010) pp. 1693-1698. Jointly written by S.V.S. Rajaprasad and K.P. Reghunath.
 - Empirical Analysis of Construction Safety Climate – A Study –International Journal of Engineering Science and Technology, Vol.2 (6), 2010, 1699-1707, ISSN: 0975-5462. Jointly written by S.V.S. Rajaprasad and K.P. Reghunath.
 - Selection of Hearing Protectors to reduce Occupational Illness in Cement Industry – Indian Cement Review, August 2009. Jointly written by S.V.S. Rajaprasad and K.P. Reghunath.
-

Qualifications

- B.Tech in Civil Engineering from University of Calicut
- Masters in Civil Engineering (Construction Technology) from Bangalore University
